

Welcome to the Cleaner Plate Club.

We can't wait for you to try our EAT CLEANER® products and enjoy cleaner, safer, longer lasting produce. The great thing is you can clean your produce before storing in the fridge to get longer life out of it, and so it's ready for healthy snacks and dishes when you are.

To get all the news that's fit to eat, sign up for our Cleaner Plate Club newsletter at www.eatcleaner.com and get 25% off your next purchase of Eat Cleaner®. You'll also see links to follow us on Facebook and Twitter. We do some pretty fun things like randomly give away free product so you don't want to miss that.

Bon appétit! xxMareya

For all you visual folks, here's a how-to with pics.

Scrub away any visible dirt from your produce.

Place produce in a strainer, inside a bowl. Add 2-3 caps of the Fruit+Vegetable Wash Concentrate.

Now how do I use Eat Cleaner®?

EAT CLEANER® Fruit + Vegetable Wash Spray:

- 1) Turn child lock under the trigger to the side. Spray surface of produce until lightly coated.
- 2) Wait 2-5 minutes. Meanwhile, pet the dog, grab a snack or check out our latest FB post. Times up! Rinse produce with clean water, dry and enjoy or store in the fridge for next time.

EAT CLEANER® Fruit + Vegetable Wash Concentrate: You have options.

- 1) Pour entire contents of 1 bottle into a spray bottle and add 4 oz. of clean, filtered water. Shake well and spray surface of fruit and veggies liberally. Let sit for 2-5 minutes and rinse.
- 2) You can also pour 2-3 caps into an 8 cup of water and soak fruit and veggies for 2-5 minutes, then rinse. Get a clear bowl if you can. You won't believe what comes off your produce!

EAT CLEANER® Fruit + Vegetable Wipes: Pull wipe out of the center of the canister. Wipe surface of firm fruit and veggies thoroughly. Even produce with peels should be wiped first. No rinsing necessary and no more apple rubbing on your pant leg!

Fill bowl with water and let sit for 2-5 min.

Lift basket from bowl. Count bugs + marvel at how dirty the water has become! Give produce a quick rinse, dry and enjoy or store for next time.
